JEECS (Journal of Electrical Engineering and Computer Sciences) is a scientific journal that presents and updated scientific articles in the field of Electrical Engineering and Computer Sciences research among academics and practitioners alike, including power system, electrical engineering, industry automation, mechatronics, computer sciences, informatics, and information system.

This journal is dedicated for the author or researcher who has focused in the field of technology and intending on publication and sharing knowledge the novel technology include, but are not limited to, the following topics: Data Mining, Informatics algorithm methodology, Mobile Computing, Automation, Power, Green Technology, Advanced Computer Networks, Image Processing, Computer Vision, Robotics Technology, Decision Support System, Big Data, Data Sciences, Internet of Things, Network Security, Virtual Reality, etc.

Publishing articles on this journal can be submitted online to our OJS system or you can read complete information / instructions for author. The articles which would like to publish is selected go through a selection process by partner reviewer and / or editors.

This Journal is published periodically twice a year on June and December. For further information, send your email to **jeecs@ubhara.ac.id**

JEECS has been accredited by DIKTI with a Sinta 5 ranking, based on Decree number 177/E/KPT/2024, October 15, 2024, valid from Vol 6 No 2 December 2021 to Vol 11 No 1 June 2026. Then, based on Decree number 355/DST/D.D1/HM.01.01/2026, JEECS is accredited by DIKTI with a Sinta 4 ranking, valid from Vol 10, No 1, June 2025 until Vol 14, No 2, December 2029. JEECS has indexed in DOAJ, Sinta, Crossref, Google Scholar, Garuda, Dimensions, Semantic Scholar, Journal Stories, Indonesia One Search, Scilit, and WorldCat.

Table of Contents

Energy Management of Battery–Supercapacitor Hybrid Storage in PV-Integrated DC Microgrids Using Predictive Control
Madhusudan Nyaupane, Shanti Tiwari, Rajesh M. Pindoriya, Jeetendra Chaudhary, Asmita Rijal ..... 106 - 121

Implementation of the Forward Chaining Algorithm in a Student Mental Health Detection System
Ridwan Yulindra Megananda, Ghulam Asrofi Buntoro, Dyah Mustikasari ..... 122 - 134

Correlation-Driven Root Cause Analysis from Multi-Service Logs via Template-Aware Graph Inference: An Empirical Study on LogHub Hadoop and RCAEval Sock Shop
Qi Xin ..... 135 - 145

Data-Driven Sentiment Analysis of Public Opinion on National Football Team Coaching Using Naïve Bayes
Luki Ardiantoro, Nisa Ayunda, Muhammad Irfan ..... 146 - 156

Body Mass Index Estimation Based on Height and Weight Using Image Processing
Muhammad Muchlis Abimanyu, Anindita Septiarini, Masna Wati, Andi Tejawati ..... 151 - 160

Rainfall Classification in Palembang Using Machine Learning Methods
M Faris Al Amin, Keviano Alessandro Delpiero, Rendra Gustriansyah ..... 161 - 171

Design and Implementation of a Wireless Surveillance Robot with Motion Detection and Live Video Transmission
Prudence Wegba Efregede, Fortune Omamuzo Efregede, Abdullateef Mustapha, Charles Somtochukwu Nwafor, Zaid Musa Imam ..... 172 - 182

Coherence-Gated Set-Membership Recursive Spectral Cancellation for Pulsed Receivers Under Nonstationary Multicomponent Interference
Vu Quang Luong, Trinh Thi Minh, Bui Kieu Trong Hoang ..... 183 - 195

Design, Implementation, and Simulation-Based Performance Evaluation of an Automatic Dual-Axis Solar Tracking System for Small-Scale Photovoltaic Applications

Bui Hoang Man, Tran Van Duc, Nguyen Huu Bao Thinh, Phan Ton Thanh Tam, Nguyen Thi Kim Anh, Ho Van Dung ……. 196 - 207

YOLO Nano-Based Vehicle Detection for Monitoring Traffic Density
Eko Prasetyo, Agus Subhan Akbar, Adiananda, Henry Nelon Still Heka …… 208 - 217
